EXPERIENCE

SITECORE DEVELOPER / WEB DEVELOPER

Revlon.com (New York, NY), 2018 – present

Responsible for the development of the Revlon and Elizabeth Arden E-Commerce Sitecore platform and CMS. Works in .NET environment programming primarily in C#, HTML5, CSS3, JavaScript and jQuery within the Visual Studio 2017 IDE. Manages CMS, focusing on landing, category, and product pages, all the way through the shopping cart and checkout flow, ensuring a seamless UX and UI experience on both mobile, tablet and desktop platforms.

Also responsible for making sure the codebase of the Revlon and Elizabeth Arden web sites meet SEO and W3C Standards, ensuring best practices and compliance with visual and hearing impaired.

SENIOR WEB DEVELOPER

1800Flowers.com (Carle Place, NY), 2015 – 2018

Responsible for the design, layout and coding of the 1800flowers.com, harryanddavid.com, 1800baskets.com, fruitbouquets.com, cheryls.com, popcornfactory.com, simplychocolate.com, personalizationuniverse.com, wolfermans.com, goodsey.com and stockyards.com web sites. Involved with the technical and graphical aspects of the web sites - how the site works and how it looks. Also involved with the maintenance and updating of existing content.

Coded various JavaScript / jQuery dynamic functionality for sections of the site (Dynamic Banners, Hero, Marketing Offers)

Created Customer Service Portal and dynamic forms with AJAX and php mail() functionality. Integrated Sympathy Portal with SCI Memorial Databases.

Built dynamic Facebook tabs on social site

Managed all WordPress Blog sites on all brands

Converted entire site on multiple brands to a full-width responsive design

Validated site to meet W3C Standards and compliance
